

EnLiten™ Flush-Glazed Designs

for Fiber-Classic® & Smooth-Star® Doors & Sidelites

THERMA TRU®
DOORS

Simplified beauty. Resilient designs.

Designs for any entry.

At Therma-Tru, we believe your door should always welcome you home – while playing seamlessly into your style. Our EnLiten™ flush-glazed designs create striking profiles that effortlessly combine indoor and outdoor living spaces, inviting in more natural light than ever. The possibilities are endless, giving you doors that perfectly fit your lifestyle.

Create a clean look with maximum views.

During manufacturing, double- or triple-pane glass is built directly into the door. This design eliminates the need for a lite frame and screw plugs, achieving a seamless, consistent finish. EnLiten™ flush-glazed designs offer up to a 16% increase in visible glass area as compared to conventional lite frames, creating an airy, open feeling in the home with larger daylight openings.

Flush-Glazed Glass

Lip-Lite Frame

Seamless style. Controllable privacy.

Smooth-Star® doors with internal blinds featuring EnLiten flush-glazed designs deliver simplicity and convenience with contemporary appeal. Discover attractive, durable entry solutions for around the house, including patio, side and back doors allowing for optimal daylight and outdoor views, or complete privacy.

Strength is built in.

Our doors are durable by design. Flush-glazed glass represents a trouble-free solution that provides a superior barrier against the elements, resulting in performance you can depend on.

Durable by design.

Double- or triple-pane glass is built directly into the door with a high-performance dual adhesive weather seal. This reduces the potential for air and water infiltration, among other benefits.

Superior Sound Dampening

Doors with flush-glazed glass do a better job of dampening outside noise compared to a Lip-lite alternative.

11% More Energy-Efficient

The Low-E glass used in flush-glazed doors delivers a clear view and is 11% more energy efficient than 1/2" Low-E glass in a Lip-lite frame.*

Withstands Winds Up to 167mph

Door systems with flush-glazed glass are designed and tested to withstand wind forces up to 167 mph (DP-50).** (ASTM-E330)

*Comparison of U-factor values of a flush-glazed full-lite door and a Lip-lite full-lite door, both with Low-E glass.

**Must be installed as part of a Therma-Tru door system in compliance with a Therma-Tru product approval. Impact-rated products not available.

Decorative Glass Options with Triple-Pane Construction

Saratoga™

Now available in flush-glazed designs.

The first decorative glass available in flush-glazed designs for Fiber-Classic and Smooth-Star, Saratoga evokes a certain urban sophistication while offering modest privacy with its clear bevels, diamond glass, reeded glass and coming. The geometric pattern bridges both modern and traditional designs.

Divided Lites

For Clear and Privacy Glass

Enhance the beauty of any home with a variety of divided lite options for entry and patio doors. Coordinate with the home's window patterns for a cohesive look and increased curb appeal. Choose from Colonial, Craftsman, Prairie and Modern styles to suit the home's architectural details. Tailor the look with different texture, profile and color choices. Available glass options include elegant privacy and textured, energy-efficient Low-E and clear glass.

THERMA-TRU® DOORS | Where Home Begins™

thermatru.com

1-800-THERMA-TRU (843-7628)

1750 Indian Wood Circle

Maumee, OH 43537

EnLiten™ flush-glazed designs are backed by the industry's most comprehensive lifetime limited warranty, plus warranty riders for peace of mind – all from the entry door brand building professionals choose most.*

EnLiten™ Flush-Glazed Riders

For Construction & Installation

Provides protection in case of accidental glass breakage during residential and multi-family construction or installation. Therma-Tru will replace the flush-glazed fiberglass door or sidelite.

For Homeowners

Provides protection in case of glass-related failures due to manufacturer defect. Therma-Tru will furnish \$300 toward installation and replace the flush-glazed fiberglass door or sidelite.

*Brand Use Study, 2021 *Builder* magazine.

Note: See your Therma-Tru seller or visit www.thermatru.com for details on available product sizes and options, limited warranties and exclusions, riders and ENERGY STAR qualified products.
