Guide

Lasting beauty backed
by a 10-year
limited warranty.

PrismaGuard™ Finish for Lasting Beauty

With an inspirational palette of stain and paint colors, PrismaGuard finish brings a premium look and unique style to a home, inside and out. Install with confidence knowing you'll deliver a consistent finish color that will stand up to potential damage during installation, helping to meet customer expectations and reduce callbacks.

Backed by a 10-Year Limited Warranty

This high-end, low-maintenance finish protects from everyday wear and tear, and is designed for optimal performance with Therma-Tru® fiberglass doors.

Warranty Coverage

When applied to Therma-Tru fiberglass doors, sidelites, transoms and genuine Therma-Tru components of a door system,* PrismaGuard finish is warranted against:

- Peeling and Flaking
- Blistering
- Chalking
- Checking

Exclusions

PrismaGuard warranty coverage does not include:

- Scratches or visual imperfections outside of standard parameters.
- Performance or integrity of third-party frame products.
- Labor for removing or reinstalling the product.
- Warranty is not transferrable.
- Note: 3-year limited warranty for commercial / multi-resident premises.

Maintaining Warranty Coverage

Take precautions to help maintain warranty coverage.

- Properly shelter or vent shipping wrap in humid locations.
- Act quickly to resolve potential damages so they don't become worse.
- Avoid exposure to extreme sun, salt spray, pollutants, chemicals or other harsh environments.
- To file a claim, the customer contacts the dealer who sends the claim to the fabricator to validate and remedy as appropriate.

Care & Maintenance

Educate your customers to help preserve the beauty of the finish.

How do I know it's PrismaGuard finish?

Check the top or hinge side of the door for a round identifier with the fabricator ID code.

How do I clean the door?

Use a soft towel, warm water and mild soap.

How do I repair a scratch?

For minor scrapes and scratches, a touch-up kit designed to coordinate with the finish color may be available.

How often do I need to reapply topcoat?

Exterior finishes can be affected by exposure to sun, weathering, moisture and air pollutants. It is recommended to reapply a topcoat every 3–5 years or once you see a decrease in gloss. Apply a high-quality, low-gloss exterior-grade urethane clear coat without ethylbenzene to the surface.

Finished for Lasting Beauty

Handcrafted and professionally applied, a PrismaGuard finish is built to last, giving your customers confidence and peace of mind.

10 YEAR LIMITED WARRANTY
10-Year Warranty

Durable Topcoat

Professional Application

PrismaGuard™ Stain

Brings the authentic look of wood to life with rich tones that add dimension to enhance wood-grained doors.

- 1 It starts with the realistic wood grains and deep embossments of a Therma-Tru® door.
- 2 A base coat provides an even, consistent color across the surface of the door.
- 3 A wiping stain enhances the base coat to reflect the natural beauty of wood.
- 4 A durable topcoat enhances the color while protecting against scratches and color fading.
- 5 A second application of the topcoat provides added durability.

PrismaGuard™ Paint

Delivers a pop of color, allowing you to tailor the look of the entry to make a beautiful lasting impression.

- 1 It starts with the realistic wood grains or premium smooth surface of a Therma-Tru® door.
- 2 A base coat provides an even, consistent color across the surface of the door.
- 3 A durable topcoat enhances the color while protecting against scratches and color fading.
- 4 A second application of the topcoat provides added durability.

Additional stain and paint colors available. To learn more, contact your Millwork Distributors Representative.

Note: Finish colors may vary from an actual application due to fluctuations in finishing or printing. See your Therma-Tru seller for details on the PrismaGuard warranty and exclusions.

*Genuine Therma-Tru components include applied or inserted panels, astragal, dentil shelf, simulated divided lites, wood grilles, as well as rot-resistant, primed Pine or Oak jambs, mullions and brickmould.
